CrystalVision Donates Web Redesign to Help United Way Get the Community to LIVE UNITED

United Way of the Greater Seacoast is launching a new website at www.uwgs.org focused on ways members of the community can give, advocate and volunteer for the issues that matter most to individuals and the community.

The entire site redesign has been generously donated by Crystal Vision of Newington, NH. The site officially launched the end of June, and over the course of the summer, will be enhanced by Crystal Vision to include more interactive capabilities, including a chance for people to nominate friends and family whom they believe are true examples of 'living united'.

"Crystal Vision's contribution of this web redesign is a perfect example of living united," said United Way spokesperson Liza Dube. "By contributing their incredible talents to our organization, they've opened the door for so many others to take advantage of our new site in order to help make a difference in our community."
